

Invitation

Dear sir/madam:

We would like to invite you to a seminar devoted to Universal Mechanism software, which is intended particularly for simulation of railway vehicle dynamics. The seminar will be held at The Best Western Premier Hotel in Beijing from 9:00 till 15:00 on July 16, 2008. Seminar will include presentation with overview of possibilities of UM software for simulation of railway vehicle dynamics, number of models and case studies, as well as elements of live working in UM and discussion. We hope you and your colleagues will be able to attend.

Please E-mail the receipt to gavin.chang@unilly.com.cn before July 10. Just call our office at 0086-10-51908079 if you have any questions.

Sincerely yours,

Laboratory of Computational Mechanics
